General Comment

As I understand, this rule will limit my ability to trade options in my retirement account. If this is the case, then the rule will put limitations upon my ability to limit risk and safely grow my retirement account. By selling covered calls I have been able to grow my savings steadily with limited risk of losing value in my account. This type of options trading has been very effective for me, and I consider it to be an integral part of my plan to save for retirement. Please do not restrict others from providing advice to me in this area or limit my ability to perform these safe options trades that benefit me.
